

Henco Pro-Flow

Manifold

Henco Pro-Flow Manifold

Get to know the first high quality synthetic manifold containing integrated ball valves – a universal manifold for up to 12 groups.

The Henco Pro-Flow Manifold has the following features:

- ✓ Multifunctional, self-aligning design and modular:
 - ✓ 2-circuits, downward or up and down.
 - ✓ 3-circuits
- ✓ A separate pipe circuit for each tap ensuring connections in the floor can be avoided.
- ✓ 100% corrosion free.
- ✓ Change of the dew point results in a lower risk of condensation in cold water systems.
- ✓ Maximum number of connections in a very short construction length.
- ✓ Improves balance in a system.
- ✓ Single circuit disconnection is possible, simplifying maintenance.
- ✓ Suitable for both press and push-fit applications.
- ✓ Supply in 20 mm and 26 mm – Henco dimensions internal thread x external thread.
- ✓ Drinking water certified.
- ✓ Various group connections in 3/4" Eurocone optional:
 - ✓ Synthetic compression fitting
 - ✓ Synthetic press fitting
 - ✓ Brass press fitting
 - ✓ Synthetic push-fit fitting
- *Not compatible with metal Eurocone compression fittings
- ✓ Available with 4 different coloured handles (red, blue, green, black), making it easy to highlight different applications.

Overview of the range

Type: VKEK-V-1PO

Henco synthetic distributor 1xPO Eurocone

Article number	Colour of handle
VKEK-V-1PO-BLUE	Blue
VKEK-V-1PO-GREEN	Green
VKEK-V-1PO-RED	Red
VKEK-V-1PO-BLACK	Black

Type: VKEK-V-2P

Henco synthetic distributor 2x P Eurocone

Article number	Colour of handle
VKEK-V-2P-BLUE	Blue
VKEK-V-2P-GREEN	Green
VKEK-V-2P-RED	Red
VKEK-V-2P-BLACK	Black

Type: VKEK-V-3P

Henco synthetic distributor 3x P Eurocone

Article number	Colour of handle
VKEK-V-3P-BLUE	Blue
VKEK-V-3P-GREEN	Green
VKEK-V-3P-RED	Red
VKEK-V-3P-BLACK	Black
