

Product Carbon Footprint Report

AMAD Mennekes Holding GmbH & Co. KG

📦 Connector PTX 16A3p6h230V IP54

Issue date	01/15/2026
Reporting period	2025
Production facility	MENNEKES Elektrotechnik GmbH & Co. KG
System boundary	Cradle-to-gate

01 Product information

PowerTOP Xtra connectors deliver excellent results thanks to their ergonomic design, safe connection and X-CONTACT inside. The connector has IP54 protection class and is therefore impervious to both water spray and dust.

Product name	Connector PTX 16A3p6h230V IP54
Product ID	14502

CO₂ Footprint (PCF)
1.17 kgCO₂e

Gross weight ¹ 0.25 kg	Net weight ² 0.20 kg
--------------------------------------	------------------------------------

1: Gross weight refers to the sum of all raw materials required to make the product, including auxiliary materials.

2: Net weight refers to the weight of the final product.

Balance scope: Greenhouse gas emissions were recorded "Cradle-to-Gate". The balance sheet includes significant emissions from materials, production processes, and transport from suppliers. It does not include packaging, operating supplies, auxiliary materials, and transport to customers. In the absence of high-quality data to calculate emissions of the product, cut-off criteria were applied to exclude inputs contributing less than 1% to the total mass and energy flows, ensuring the exclusion of negligible impacts. Furthermore, it was ensured that the sum of all excluded inputs wasn't more than 5% of the total mass or energy flows. Data quality was assessed based on ISO 14067 guidelines, prioritizing primary data for key processes and using verified secondary data for less critical inputs to ensure robustness and reliability of the PCF calculation.
