

Threefold faceplate, horizontal 71 mm centre distance, for a single switch and two 45x45 functions, Niko Rocker brass dark bronze patina

211-56705

4 year
warranty

The Niko Rocker threefold horizontally oriented faceplate clicks onto a single switch and two 45 x 45 mm functions that have been horizontally installed next to each other with a centre distance of 71 mm. The faceplate combines with any available Niko Rocker for single switch functions and Niko 45 x 45 mm finishing set. It consists of an upper frame, light guide and lower frame that are mechanically interconnected. The upperframe is made of brass. The lower frame is made of anthracite polycarbonate (PC) + acrylic-styrene-acrylate (ASA). The lead concentration in the brass is higher than 0.1% (w/w). The upper frame is 6 mm thick and the lower frame 2 mm.

Niko recommends a design combination with a finishing set in the following colour: brass dark bronze patina for Niko Rocker and Niko Toggle finishing sets and dark brown coated for other finishing sets.

- Exclusive materials
- Authentic vintage design
- Belgian design & craftsmanship
- Design matches Niko Pure portfolio
- Proven Niko quality
- Unique illuminated switch design (by adding feedback LED)
- Designed to fit any available 45 x 45 mm function

Technical data

Threefold faceplate, horizontal 71 mm centre distance, for a single switch and two 45x45 functions, Niko Rocker brass dark bronze patina.

- Number of spaces for mechanisms: 3
- Colour faceplate: brass dark bronze patina
