Eco
Solutions™

End-of-life instructions

Closing the loop with instructions to maximize the recyclability embedded in circular design.

Energy efficient use phase

Thanks to minimal power loss, the Manual Motor Starters offers improved energy efficiency for customers.

Designed for recyclability at end of life

Recyclability rate from 88% to 93% according to EN 45555.

Produced in a Zero Waste to Landfill site

100% diversion from landfill with 4% thermal processing for energy recovery, validated by UL 2799A.

Third-party verified Environmental Product Declaration

EPDs compliant with ISO 14025 Type III (externally verified) ensure data accuracy and full transparency on the product's environmental impacts throughout its life cycle.

Low carbon manufacturing

This product is manufactured in ABB facilities powered by renewable energy.
