Eco
Solutions™

End-of-life instructions

Closing the loop with instructions to maximize the recyclability embedded in circular design.

Designed for recyclability at end of life

Recyclability rate between 90% and 92% according to EN 45555.

Energy efficient use phase

Thanks to its electronic control, the energy consumption is one of the lowest on the market.

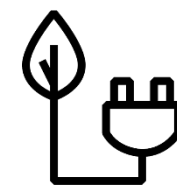

Sustainable materials used in the packaging

The packaging is made from 90–95% recycled materials

Third-party verified Environmental Product Declaration

EPDs compliant with ISO 14025 Type III (externally verified) ensure data accuracy and full transparency on the product's environmental impacts throughout its life cycle.

Low carbon manufacturing

This product is manufactured in ABB facilities powered by renewable energy.
