

**Compliance with the requirements of EU directives regarding waste management and the restriction on the use of certain hazardous substances in electrical and electronic equipment.**

**ABB Cable Management Products Limited**  
**Station Road, Coleshill, Birmingham B46 1HT UK**

confirms its compliance with these directives

**(EU) 2015/863 Amending Annex II of Directive 2011/65/EU (RoHS) the restriction of the use of certain hazardous substances in electrical and electronic equipment.**

for the following products:

---

### **Adaptaflex® Conduit systems**

#### **Adaptaflex Metallic Conduit Systems**

S, SS, SP, LFH-SP, SN, SPL, LFH-SPL, SPLHC, SPL-EF, SB, STC, SSB, SSBGS, SPB, SPTC, LFH-SPSS, SPLHCB, SAMHL and all associated fittings and accessories

#### **Adaptaflex Non-Metallic Conduit systems**

PA (all weights) PF (all weights) PR, CP, PK, PRSS, PRTC, PKSS, PKTC, KF (all weights) Adaptalok ATS, Adaptalok, PCC/PCF, Adaptaseal, Adaptaring, Korifit and Hi-Spec ranges of fittings and accessories.

### **In all sizes colours and materials**

---

Annex 1 of 2011/65/EU details the categories of EEE covered under this directive

Adaptaflex Products are mechanical protection systems, are non-electrical, are not contained within the categories and are therefore not within the direct scope of the directive.

However, since Adaptaflex products are frequently used to protect electrical equipment, we ensure our products comply to this directive.

Specifically, none of the following substances are used in the manufacture of the company's products in quantities greater than the maximum permitted levels.

- Lead (see below for further information)
- Mercury
- Cadmium
- hexavalent chromium
- polybrominated biphenyls (PBB)
- polybrominated diphenyl ethers (PBDE)
- Bis(2-Ethylhexyl) phthalate (DEHP)
- Benzyl butyl phthalate (BBP)
- Dibutyl phthalate (DBP)
- Di-isobutyl phthalate (DIBP)

*ABB Cable Management Products Limited has solely relied on the information retrieved from the supply chain and have not conducted chemical analysis or other similar testing. It is further declared that to the best of our knowledge and based on the reasonable inquiry and current information received from the product manufacturing plants and the suppliers of the parts, components, and raw materials used in the above listed products, this certification is true, accurate and complete at the date of issue. The user is solely responsible for determining its own compliance for any relevant regulations. ABB Installation Products is not responsible for any loss, damage, or injury incurred resulting from reliance on this information.*

Many Adaptaflex fittings are made partly or totally of nickel-plated brass, which contains Lead (CAS 7439-92-1) up to 4% for technical reasons.

Article 4 (1) of the directive restricts Lead in Annex II to 0.1%

Annex 3, list exemptions from Article 4(1)

Exemption 6c allows lead in copper and brass alloys containing up to 4% by weight

This exemption is still in force and recommended to be renewed until July 21st, 2026, with no changes.
