## Henco Pro-Flow Manifold

---

### PRODUCT SPECIFICATION

#### Subject

Henco Pro-Flow Manifold

#### Product characteristics

The product complies to BRL-K17702 Manifolds for drinking water and warm tap water.

#### Specification

The following articles mentioned below are covered by this certificate:

- VKEK-V-1PO

- VKEK-V-2P

- VKEK-V-3P

Colours of the handles can vary in the following colours:

- Red
- Blue
- Green
- Black

### MARKING

The products shall be marked with the Kiwa-mark.

#### Fittings

The minimum required marking on the fittings shall be:

- **KIWA** 
- the manufacturer's name or deposited trade name;
- production date or code.
- Type designation

The realization of the marks is as follows: clear, durable and indelible.

The packaging unit of the fittings are provided with at least the following information:

## Henco Pro-Flow Manifold

---

- **KIWA**  + Class 2 / 8 or 10 Bar
- the manufacturer's name or deposited trade name;
- production date or code.
- Type designation

The **KIWA**  mark also applies to the parts mounted on the distributor housing which are included in the certificate.

The realization of the marks is as follows: clear, durable and indelible.

### **Logistics**

Production and assembly of the system is laid down in the annex of the certification agreement.

### **APPLICATION AND USE**

The products are designed for drinking water installations with a lifetime of 50 years at an operating temperature profile according to class 2 of ISO 10508 and an allowable working pressure of maximum 10 bar.

### **Fitness for contact with drinking water**

This product is approved on the basis of the requirements for hygienic aspects set in the "Regeling materialen en chemicaliën drink- en warm tapwatervoorziening" ("Materials and chemicals in the supply of drinking water and warm tap water Regulation" dated 01-07-2017; published in the Government Gazette).

These hygienic aspects are based on two main criteria. The product shall permanently comply with:

- The product recipe approved during the assessment procedure. This recipe is not to be changed without prior approval by Kiwa according to the Kiwa approval procedure for the hygienic aspects;
- Specific product requirements for the hygienic aspects.

The recipe and specific product requirements are laid down in the for confidentiality reasons undisclosed 'appendix hygienic aspects' to this certificate.

### **RECOMMENDATIONS FOR THE CUSTOMERS**

Check at the time of delivery whether:

- the supplier has delivered in accordance with the agreement;
- the mark and the marking method are correct;
- the products show no visible defects as a result of transport etc.

If you should reject a product on the basis of the above, please contact:

- Henco Industries NV
- and, if necessary,
- Kiwa Nederland B.V.

Consult the supplier's processing guidelines for the proper storage and transport methods.
