

PRODUCT DATASHEET

Type: ET-EXO-DARK-2000-W
Art. Nr.: 45012

Short description

ETHERMA EXO DARK dark infrared heater, 2kW, white, IP65

Product Description

The new ETHERMA EXO DARK premium dark spotlight is the ideal solution for wind-protected outdoor areas. It is also suitable as additional heating for conservatories or gazebos. The ultra-low-glare infrared tube impresses with its pleasant infrared heat and minimal residual light of just 1 lux per kilowatt and square meter. The RC version of the radiant heater can be easily dimmed in three stages (33/66/100% of maximum output) using the optional remote control. The device is made of high-quality, rust-free aluminum, impresses with its unmistakable industrial design and is protected against water jets thanks to protection class IP 65. The infrared heater comes with a 5-year guarantee. The optional remote control is essential for commissioning. Colors: white, black; suitable for wall and ceiling mounting, dimensions: 930x155x111 (250 incl. bracket) mm, protection class: IP 65, voltage: 230 V, plug cable 180 cm, system design: CE compliant

ETIM characteristics

Model	Ceiling-/wall emitter	Voltage	230 230 Volt
Mounting method	Surface mounting	Number of heating levels	1
Power step OFF	✗	Min. heating power	660 Watt
Mounting over cradle	✗	Max. heating power	2000 Watt
Degree of protection (IP)	IP65	Min. mounting height	1.8 Metre
Colour	White	Max. mounting height	2.5 Metre
Compatible with Apple HomeKit	✗	Height	155 Millimetre
Compatible with Google Assistant	✗	Width	930 Millimetre
Compatible with Amazon Alexa	✗	Depth	250 Millimetre
IFTTT support available	✗	RAL-number	9016
