Solutions™

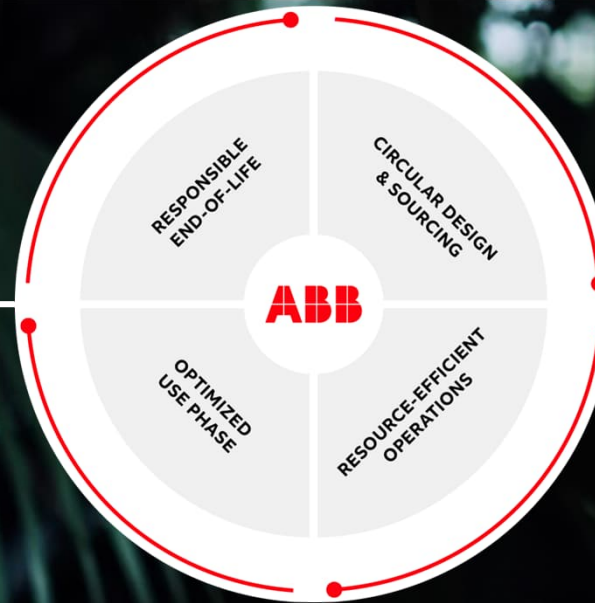

End-of-life instructions

Clear instructions for product disassembly and recycling individual parts for re-use ([LINK](#) to the document)

Enhanced durability

Tested for double the standard amount of mechanical endurance (20,000 cycles vs. 10,000 cycles described in the product standard).

Designed for high recyclability

Up to **92% recyclability rate**, calculated according to EN 45555.

Produced in a zero waste to landfill site

All non-hazardous waste is recycled, and we continuously work to minimize waste in our operations.

Sustainable packaging materials

Packaging is made of **100% recycled paper**.

Third-party verified Environmental Product Declaration

EPD compliant with ISO 14025 Type III (externally verified), ensuring data accuracy and full transparency on the product's environmental impacts throughout its life cycle ([LINK](#) to the EPD).

Low-carbon manufacturing

This product is manufactured in an ABB facility that is powered by renewable energy.
