

# BDB33M: Mounting/repair tape for insulation blue 33m x 50mm

## Commercial information

Henco's vast product range always offers a solution.

Assembly/repair tape for insulated pipes:

- Available in red and blue
- Suitable for repairing and assembling pipe insulation
- Length: 33 m Width: 50 mm
- Thickness: 150 µm Material: PVC
- Tensile strength: 33 N/cm

#### Basic unit dimensions

Height	50 mm	
Height Length	115 mm	
Width	50 mm	
Net weight	0.350 kg	

## Certificates

#### **Applications**

Potable water, Heating, Sanitary

### Solutions

Building installations, Industry, Utility

## **Technical characteristics**

Material	Polyvinyl chloride (PVC)	Width	50 Millimetre
Colour	Blue	Length	33 Metre
Transparent	×	Thickness	0.15 Millimetre
Fluorescent	×		
Photoluminescent (glow in the dark)	×		
Double-sided	×		
UV resistant	×		
Insulating	×		
Self-extinguishing	×		
Self sticking/amalgamating	×		
Suitable for high voltage	×		
Vulcanizing	×		
Watertight	×		
Tearable by hand	✓		
Magnetic	×
