

Product End of Life Instructions

Combo Modbus bedside panel with 9 button and thermostat

End of Life Instructions

Recommendation	Number on drawing	Component / Material	Weight (in g)	Comment
To be depolluted	1	Electronic Board (Communication) > 10cm²	16.54	Including all soldering parts
To be depolluted	2	Electronic Board (Communication) > 10cm²	10.57	Including all soldering parts
To be depolluted	3	Electronic Board (Communication) > 10cm²	13.9	Including all soldering parts

Product description

Manufacturer identification	Schneider Electric Industries SAS
Brand name	Schneider Electric
Product function	The product is combo bedside panel with 9 buttons switch panel and 7 buttons thermostat.
Product reference	SLGM09BT07
Total representative product mass	377.52 g
Representative product dimensions	170mm x 95mm x 28mm
Accessories	No
Date of information release	2023/08/04

Additional information

Legal information	The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.	
In case of special transportation: transportation method	No	
Recyclability potential	32%	Recyclability rate has been calculated based on REEECY'LAB tool developed by Ecosystem, for components/materials not covered by the tool, data from the "ECO' DEEE recyclability and recoverability calculation method" was taken. If no data was found a conservative assumption was used (0% recyclability).
