

## BDB33M: Mounting/repair tape for insulation blue 33m x 50mm

### Commercial information

Henco's vast product range always offers a solution.

Assembly/repair tape for insulated pipes:

- Available in red and blue
- Suitable for repairing and assembling pipe insulation
- Length: 33 m
- Width: 50 mm
- Thickness: 150 µm
- Material: PVC
- Tensile strength: 33 N/cm

#### Basic unit dimensions

Height	50 mm
Length	115 mm
Width	50 mm
Net weight	0.350 kg

#### Certificates

#### Applications

Potable water, Heating, Sanitary

#### Solutions

Building installations, Industry, Utility

## Technical characteristics

Material	Polyvinyl chloride (PVC)	Width	50 Millimetre
Colour	Blue	Length	33 Metre
Transparent	✗	Thickness	0.15 Millimetre
Fluorescent	✗		
Photoluminescent (glow in the dark)	✗		
Double-sided	✗		
UV resistant	✗		
Insulating	✗		
Self-extinguishing	✗		
Self sticking/amalgamating	✗		
Suitable for high voltage	✗		
Vulcanizing	✗		
Watertight	✗		
Tearable by hand	✓		
Magnetic	✗
