Confirmation REACH Regulation 1907/2006/EC

The undersigned declares that the goods designated below:

**ETHERMA product range 2025
(exception see below)**

which are delivered to the above-mentioned company, do NOT contain any substances of concern as defined in Annex XIV of the REACH Regulation.

We regularly monitor the ongoing inclusion of substances of very high concern (SVHC) in the candidate list and work continuously with the supply chain to ensure the compliance of all our products. Under normal conditions of use, our products do not release any substances of concern in concentrations above 0.1% by weight.

The undersigned declares that the products listed in the table below contain substances of concern from the currently valid "REACH Candidate List" in a concentration exceeding 0.1% by weight.
