

Aerofoam NBR Sheet on roll Self-Adhesive

(H40560)

flexible insulation material

Features & benefits

- Aerofoam NBR flexible insulation material is an elastomer plastic foam, which offers high thermal efficiency
- guaranteed and optimal thermal properties
- high water vapor resistance and suitable for cold insulation
- high flexibility
- extremely strong
- excellent processability
- environmentally friendly
- closed cell structure
- max. temperature sheet +80 °C according to EN 14706 / EN 14707
- min. temperature sheet -50 °C according to EN 1604
- thermal conductivity at 0 °C λ 0.035 according to EN 12667
- water vapor resistance $\mu > 10.000$ according to EN 13469 / EN 12068
- Euroclass Plate B,s3,do according to EN 13823 and EN ISO 11925-2
