

INTEGRA-ProPack 2.2.9 and INTEGRA-ProPack 2.3.0

Products Affected: INTEGRA-ProPack.

Summary

INTEGRA-ProPack has been updated to allow an INTEGRA IT-8000 Control Engine to function as a Cylon Smart Router by providing the Cylon Full Upload and Download functionality. Separate versions of INTEGRA-ProPack are available for compatibility with IT-8000 versions 4.9 - 4.11 and IT-8000 version 4.12.

Features

With INTEGRA-ProPack version 2.2.9, INTEGRA IT-8000 versions 4.9 through 4.11 will now support Full upload/download.

With INTEGRA-ProPack version 2.3.0, INTEGRA IT-8000 version 4.12 will now support Full upload/download.

Full upload/download ability allows an IT-8000 device to provide the same functionality as the Cylon Smart Routers. See *MAN0140 Cylon INTEGRA-ProPack* and *MAN0133 CXpro^{HD} Users Guide* for more information.

Customer Impact

Customers are advised to update as soon as convenient to

- v 2.2.9 for INTEGRA versions 4.9 through 4.11,
- v 2.3.0 for INTEGRA version 4.12.
