Short description

Infrared heater 1800W, Anthracite/Jet-Black,

Product Description

The ETHERMA EXO BASIC is an attractive entry-level solution for infrared heating on patios, balconies and other outdoor areas. Its Low-Glare infrared halogen lamp provides fast, directly noticeable heat while reducing the visible red-light component. An optimized reflector directs the heat forward. The high-quality aluminium housing combines a modern appearance with robust everyday usability. This compact heater is suitable for wall and ceiling mounting and offers a straightforward solution for private and commercial outdoor spaces. This version is finished in nano anthracite. This product is only suitable for outdoor use.
