

VKEK-T05: T-Connection Piece - 2X Eurocone

Commercial information

T-adapter for Henco Pro-Flow Manifold

- for water or as extra outlet
- Henco threaded connector
- 2 eurocone connectors (top and bottom); can also be used as water supply
- Positioning aligned perpendicular to the manifold
- Compact solution for installations with limited installation space
- Makes it possible to add an air vent connector to the manifold

Basic unit dimensions

Height	47 mm
Length	46 mm
Width	30 mm
Net weight	0.031 kg

Certificates

Applications

Potable water, Heating, Cooling, Sanitary

Solutions

Building installations, Industry, Utility

Technical characteristics

Suitable for tap water	✓	Max. medium temperature (continuous)	95 Degrees celsius
Suitable for central heating water	✓	Width	30 Millimetre
Suitable for cooling water	✓	Height	47 Millimetre
Suitable for compressed air	✗	Depth	46 Millimetre
Suitable for glycol	✓		
Suitable for ethanol	✗		
Suitable for gas	✗		
Model	Other		
Material	Plastic		
Material quality	Polyphenylsulfone (PPSU)		
Surface protection	Untreated		
Shape	Other		
System specific	✓		
With fill- and drain valve	✗		
With backflow safeguard	✗		
With shut-off valve	✗		
With de-aeration	✗		
With wall-mounting bracket	✗		
With mounting material	✗		
With legs	✗		
With adjustable floor legs	✗		
With insulation	✗		
KOMO certified	✗		
Type approval according to BBR/EKS	✗
