Short description

2000W Infrared Heater, Carbon Lamp, 3-setting dimmer, Black

Product Description

The ETHERMA EXO PRO RC combines powerful infrared heat with convenient wireless control and is ideal for patios, balconies, hospitality areas and other outdoor spaces. The short-wave premium carbon lamp provides fast, noticeable heat with low residual light. The integrated radio dimmer allows the heat output to be adjusted in three stages using the optional remote control. An optimized reflector directs the heat forward and the robust aluminium housing gives a durable, premium finish. The remote control is required for initial commissioning. Suitable for wall and ceiling mounting. This version is finished in black. This product is only suitable for outdoor use.
