Short description

2000W Infrared Heater, Carbon Lamp, Black

Product Description

The ETHERMA EXO PRO is a premium infrared heater for patios, balconies, hospitality areas and other outdoor spaces. Its short-wave infrared radiation delivers a pleasant sensation of heat almost immediately, without first heating the surrounding air. The premium carbon lamp combines strong heat output with low residual light and a long service life. An optimized reflector directs the heat forward, while the robust aluminium housing provides a modern and durable finish. Suitable for wall and ceiling mounting. This version is finished in black. This product is only suitable for outdoor use.

ETIM 10 Characteristics

Model	Ceiling-/wall emitter	Voltage	230 230 Volt
Mounting method	Surface mounting	Number of heating levels	1
Power step OFF	✗	Min. heating power	825 Watt
Mounting over cradle	✗	Max. heating power	2000 Watt
