Product Change Notification PCN_BUR_00200

Subject: new extended shroud for our Eaton's DMV switch-disconnectors

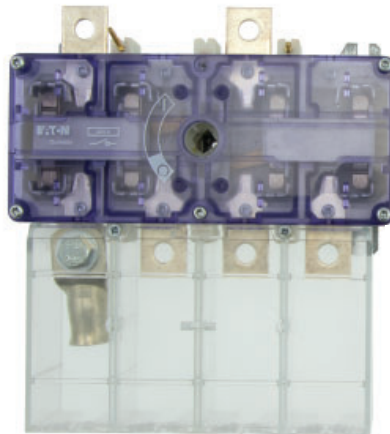

Dear customer

We are pleased to inform you that our new extended shroud (Y7-400894; EXTENDED-COVERDMVS160N/400N) for DMV 160N, 250N and 400N is now available. This new cover is extended to further cover the cable terminals and lugs for increased personnel safety.

It is replacing the old cover (Y8-1314735; COVERDMVS160N/400N). This change is with immediate effect.

Old COVERDMVS160N/400N

New EXTENDED-COVERDMVS160N/400N
fitted on a DMV switch-disconnector
