

ABB EcoSolutions™ – ComfortLine A

Wall mounted cabinets

Meter and distribution cabinet – double isolated

In electrical installation, efficiency, flexibility and high-quality requirements are closely linked. The ComfortLine wall cabinets from ABB combine these properties in an exemplary manner. Smart detailed solutions and further developments make the cabinets extremely versatile and user-friendly.

End-of-life instructions

Clear instructions for product disassembly and recycling individual parts for re-use. ([LINK](#) to the document)

Enhanced durability

The ComfortLine enclosures are built with a modular approach. Compatibility with the CombiLine N system ensures a modular internal layout, easy to adapt to different needs, repair and retrofit.

Designed for high recyclability & lower material use

Up to **94,9%** recyclability rate, calculated according to EN 45555.

Produced in a zero waste to landfill site

All non-hazardous waste is recycled, and we continuously work to minimize waste in our operations.

Sustainable packaging materials

Packaging is made of **71%** recycled paper.

Third-party verified Environmental Product Declaration

EPD compliant with ISO 14025 Type III (externally verified), ensuring data accuracy and full transparency on the product's environmental impacts throughout its life cycle ([LINK](#) to the EPD).

Low-carbon manufacturing

This product is manufactured in an ABB facility that is powered by renewable energy.
