

## 1PK-1616: Elbow 90° 16x16

### Commercial information

PVDF press fittings in combination with multilayer pipe, a completely corrosion-free system. The synthetic press fittings are made from injection moulded PVDF (Polyvinylidene fluoride)\*. PVDF offers the user a unique combination of properties:

- Highly resistant to pressure and temperature
- Excellent mechanical strength
- Extreme flexibility: bending up to 10° is possible
- Perfectly suited for drinking water and food
- Highly resistant to chemicals and corrosion
- Embedding is possible without extra protection

#### Basic unit dimensions

|            |          |
|------------|----------|
| Height     | 22 mm    |
| Length     | 58 mm    |
| Width      | 58 mm    |
| Net weight | 0.033 kg |

#### Certificates

ATG, QB (CSTBat), DVGW Wasser, ETA, KIWA, ÖVGW Wasser, SINTEF, WRAS, KOMO, STF, ÖN EN 21003-2/-3, GOST-R, ITC, TSU, AFNOR, PZH, ACS, DNV-GL, Aenor, Sans 21003, Kontrol Biro, RISE, EMI

#### Applications

Potable water, Heating, Compressed air, Cooling, Demi Water, Sanitary

#### Solutions

Building installations, Industry, Utility, Shipbuilding

## Technical characteristics

|                                    |  |  |                        |
|------------------------------------|--|--|------------------------|
| Material connection 1              | Polyvinylidene fluoride (PVDF)                 | Bend angle   | 90 Degrees             |
| Material quality connection 1      | Polyvinylidene fluoride (PVDF) (expired)       | Bend radius  | 8 Millimetre           |
| Surface protection connection 1    | Untreated                                      | Outer pipe diameter connection 1                   | 16 Millimetre          |
| Surface treatment connection 1     | Untreated                                      | Wall thickness, connection 1                       | 0.7 Millimetre         |
| Material connection 2              | Polyvinylidene fluoride (PVDF)                 | Outer pipe diameter connection 2                   | 16 Millimetre          |
| Material quality connection 2      | Polyvinylidene fluoride (PVDF) (expired)       | Wall thickness, connection 2                       | 0.7 Millimetre         |
| Surface protection connection 2    | Untreated                                      | Zeta value   | 2.021                  |
| Surface treatment connection 2     | Untreated                                      | Length   | 58 Millimetre          |
| Shape                              | Bend   | Length of connection 1                             | 45 Millimetre          |
| Reducing                           | ✗  | Working length connection 1                        | 25 Millimetre          |
| Eccentric                          | ✗  | Length of connection 2                             | 47 Millimetre          |
| System specific                    | ✓  | Working length connection 2                        | 25 Millimetre          |
| Nominal diameter connection 1      | DN 12  | Wrench width                                       | 0 Millimetre           |
| Connection 1                       | Press sleeve                                   | Wrench width union nut                             | 0 Millimetre           |
| Contour code connection 1          | TH   | Tightening torque                                  | 0 0 Newtonmetre        |
| Nominal diameter connection 2      | DN 12  | Medium temperature (continuous)                    | -10 70 Degrees celsius |
| Connection 2                       | Press sleeve                                   | Max. operating pressure at 20 °C                   | 16 Bar                 |
| Contour code connection 2          | TH/BE  | Max. operating pressure at max. medium temperature | 10 Bar                 |
| Main colour fitting                | Black  | Standard Dimension Ratio (SDR)                     | 0                      |
| Flange compression class           | Other  |  |                        |
| Material sealing                   | Ethylene-propylene diene monomer rubber (EPDM) |  |                        |
| With buffer stud                   | ✓  |  |                        |
| High tensile strength              | ✗  |  |                        |
| With thermal insulation            | ✗  |  |                        |
| Ring stiffness class               | Other  |  |                        |
| With sealing rings/gaskets         | ✓  |  |                        |
| Capped                             | ✗  |  |                        |
| With connection indicator          | ✗  |  |                        |
| With drain valve                   | ✗  |  |                        |
| With de-aerator                    | ✗  |  |                        |
| FM quality mark                    | ✗  |  |                        |
