- Available in red and blue
- Suitable for repairing and assembling pipe insulation
- Length: 33 m
- Width: 50 mm
- Thickness: 150 µm
- Material: PVC
- Tensile strength: 33 N/cm

Basic unit dimensions

Height	50 mm
Length	115 mm
Width	50 mm
Net weight	0.350 kg

Certificates

Applications

Potable water, Heating, Sanitary

Solutions

Building installations, Industry, Utility

Technical characteristics

Material	Polyethylene (PE)	Width	50 Millimetre
Colour	Red	Length	33 Metre
Transparent	✘	Thickness	0.15 Millimetre
Fluorescent	✘		
Photoluminescent (glow in the dark)	✘		
Double-sided	✘		
UV resistant	✘		
Insulating	✘		
Self-extinguishing	✘		
Self sticking/amalgamating	✘		
Suitable for high voltage	✘		
Vulcanizing	✘		
Watertight	✘		
Tearable by hand	✓		
Magnetic	✘
