

UFH-SCOTCH-66: Adhesive tape

Commercial information

UFH-SCOTCH-66 is an adhesive tape that can be used to affix assembly panels to one another.

Basic unit dimensions

Height	38 mm
Length	102 mm
Width	38 mm
Net weight	0.161 kg

Certificates

Applications

Heating, Cooling, Underfloor Heating

Solutions

Underfloor heating, Building installations, Industry, Utility

Technical characteristics

Material	Polyethylene (PE)	Width	38 Millimetre
Colour	White	Length	102 Metre
Transparent	✘	Temperature resistance	-2 0 Degrees celsius
Fluorescent	✘		
Double-sided	✘		
UV resistant	✘		
Insulating	✘		
Self-extinguishing	✘		
Self sticking/amalgamating	✘		
Suitable for high voltage	✘		
Vulcanizing	✘		
Tearable by hand	✓		
Magnetic	✘
