

860

A technical drawing of a white metal cabinet. The cabinet is shown from a three-quarter perspective. It has a rectangular frame with two horizontal shelves. The top shelf is positioned higher than the bottom shelf. On the back of the top shelf, there are two metal components: a handle on the left and a latch on the right. The cabinet is mounted on a wall, as indicated by the mounting brackets on the back. Dimension lines are shown: a horizontal line at the top indicates a width of 860, and a vertical line on the right indicates a height of 812.
