Short description
Workplace heating set 1-2 persons incl. radio control

Product Description
The ETHERMA workplace heating set consists of 2 pieces of 800W infrared heaters and a wireless thermostat with corresponding wireless relay, which is pre-wired. This workplace heating set is ideal for workplaces in warehouses, workshops, draughty rooms or offices with an industrial look. The workplace heating set is suitable for an area of +/- 8 m2. The wireless thermostat communicates with the relay via RF. Because the relay is pre-wired, connection and installation is quick and easy. The total heating capacity is 1600W / supply voltage: 230V / the relay has a maximum switching capacity of 16A.
