

Modular power supply 24 Vdc, 2,5 A

340-00050

This power supply is suitable for DIN-rail mounting. It has a power supply of . This power supply conforms to the European directive for EMC and safety.

This article is protected by at least one patent (or patent application). For more info on patents, see www.niko.eu/innovation.

Technical data

Modular power supply 24 Vdc, 2,5 A.

- Average active efficiency: 89%
- Efficiency at low load (10%): 85%
- Function:
 - switch
 - block-shaped silver contacts (cadmium-free) in the form of a cross
- Maximum MCB rating: 16 A (limited by national installation rules)
- Minimum ambient temperature: 5 °C
- Maximum ambient temperature: 40 °C
- Protection degree: IP41 for the combination of a mechanism, central plate and faceplate
- Impact resistance: the combination of a mechanism, a central plate and a faceplate has an impact-resistance of IK06
- Usage environment: indoor
- Dimensions (HxWxD): 71 mm x 73 mm
- Marking: CE
