

## Profile HO Surface 16

Profile HO Surface 16 (20x4) raw alu. 2m

0022604

### Product features

- The simplest installation of a LED strip. This 2000mm length raw aluminium profile improves LED strip's adhesion with a very flat design (3,8mm height). It is to be used without a cover with a maximum LED strip width of 16mm. Additional accessories need to be ordered separately.

## PRODUCT OVERVIEW

Product name	Profile HO Surface 16 (20x4) raw alu. 2m
Technology	Accessory
Housing	Aluminium
General application	Retail
ETIM Class	EC002557
Warranty	3 years
