Walraven VibraTek® MS-4 Spring Mount

(L20515)

High performance spring isolator for medium to heavy equipment

Features & benefits

- recommended for equipment with low working speeds, from 600 rpm and above
- flexible internal filler prevents debris and solid elements entering and damaging the spring under load
- ribs in the metal base provide increased stiffness
- slot holes facilitate positioning and anchoring to the base material
- epoxy powder-coated base, caps and springs provide increased resistance to corrosion
- average ratio Kx / Kz = Ky / Kz = 2.0
- working temperature range -90 °C till 150 °C
