## Information notice on DALI connected luminaires

If you are interested in purchasing, renting or leasing an ABB Connected Product this information notice ("**Notice**") provides you with information according to the Data Act (EU Regulation 2023/2854)[1].

All terms in this Notice shall have the same meaning as in the Data Act.

Should you require additional information beyond what is provided in this Notice, please do not hesitate to contact us at *eu-data-act@abb.com*

## Details on the Connected Product and Product Data

| | |
|---|---|
| Connected Product | See annex |
| Information on how to directly access and retrieve Product Data | All the Eml information are stored locally in HW device with screen called DCU |
| Information on how to access and retrieve Product Data via a request (indirect access) | Not applicable , no indirect access . DCU locally access |
| Information on how to delete your User account and the respective data (where a Connected Product requires login via a User account) | No remote access, customer have a password to have access directly to the DCU |
| Type of Product Data | EML heath status and test schedule |
| Format of Product Data | Error list and schedule ( when test will be executed) |
| Estimated volume of Product Data | Depending the number of EML connected , some Byte by EML |
| Collection frequency of Product Data | Continually the DCU collect health status of the EML |
| Storage place of Product Data | Locally in the DCU |
| Intended duration of retention of Product Data | Data are updated continually and available locally in the DCU ( no limit) |
