

BM-20: Bending tool Ø20

Commercial information

The Henco bending tools have received a true upgrade. Not only do they look very stylish, they are also extremely practical to work with due to the following characteristics:

- Same price, improved quality
- Henco blue anodised aluminium
- Angle indicator engraved on the pipe segment
- Snap closure allows for handy storage
- Bending arm always properly aligned with the pipe segment thanks to various left-and right-hand shaft sizes
- Improved pipe clip makes it easy to remove the pipe after bending
- Guaranteed the shortest possible pipe radius per diameter
- Bending range from 0° to 180°
- Available in diameter 16, 20 and 26

Basic unit dimensions

Height	40 mm
Length	475 mm
Width	110 mm
Net weight	0.926 kg

Certificates

Applications

Potable water, Heating, Cooling, Compressed air, Underfloor Heating, Gas, Sanitary

Solutions

Building installations, Industry, Underfloor heating, Oil & gas, Utility, Shipbuilding

Technical characteristics

Suitable for steel	×	Tube diameter	20 Millimetre
Suitable for copper	×	Bending radius	60 Millimetre
With slide rail	×	Max. bending angle	180 Degrees
		Length	475 Millimetre
