

Threefold faceplate, horizontal 71 mm centre distance, for a socket outlet, a double switch function and a socket outlet function, Niko Rocker alu gold brushed

227-56719

The Niko Rocker threefold horizontally oriented faceplate clicks onto a socket outlet, a double switch function and a socket outlet that have been horizontally installed next to each other with a centre distance of 71 mm. The faceplate combines with any available Niko Rocker double switch function and a Niko Rocker and Niko Toggle socket outlet finishing set. It consists of an upper frame, light guide and lower frame that are mechanically interconnected. The upper frame is 6 mm thick and the lower frame 2 mm.

Niko recommends a design combination with a finishing set in the following colour: alu gold for Niko Rocker and Niko Toggle finishing sets and gold coated for other finishing sets.

- Exclusive materials
- Authentic vintage design
- Belgian design & craftsmanship
- Design matches Niko Pure portfolio
- Proven Niko quality
- Unique illuminated switch design (by adding feedback LED)
- Designed to fit the standard socket outlet base

Technical data

Threefold faceplate, horizontal 71 mm centre distance, for a socket outlet, a double switch function and a socket outlet function, Niko Rocker alu gold brushed.
