Short description

ETHERMA EXO DARK dark infrared heater, 2kW, black, IP65

**Product Description**

The new premium dark radiator ETHERMA EXO DARK is the ideal solution for wind-protected outdoor areas. It is also suitable as additional heating for conservatories or pavilions. The ultra-low-glare infrared tube impresses with its pleasant infrared heat and minimal residual light of only 1 lux per kilowatt per square meter. The device is made of high-quality, rust-free aluminum, impresses with its distinctive industrial design, and is protected against water jets thanks to protection class IP 65. The infrared heater comes with a 5-year warranty. The optional remote control is required for commissioning. Colors: white, black; suitable for wall and ceiling mounting, dimensions: 930x155x111 (250 including bracket) mm, protection class: IP 65, voltage: 230 V, plug cable 180 cm, system design: CE compliant This product is only suitable for outdoor use.
