

## 25-MG32: Protection hose Ø32x3 Gas 25m

### Commercial information

The protective sleeves are made from Polyethylene. This offers extra protection to pipes carrying water and gas during building works. Pipe sleeves can be supplied in different colors.

#### Basic unit dimensions

|            |          |
|------------|----------|
| Height     | 45 mm    |
| Length     | 1,000 mm |
| Width      | 45 mm    |
| Net weight | 0.118 kg |

#### Certificates

KOMO

#### Applications

Gas

#### Solutions

Building installations, Industry, Oil & gas, Utility

## Technical characteristics

|                                    |                   |                                   |                         |
|------------------------------------|-------------------|-----------------------------------|-------------------------|
| Material                           | Polyethylene (PE) | Suitable for pipe diameter        | 32 32 Millimetre        |
| Model                              | Closed            | Outer pipe diameter               | 45 Millimetre           |
| Type of locking                    | Other             | Interior inner diameter           | 39 Millimetre           |
| Colour                             | Yellow            | Min. bending radius               | 160 Millimetre          |
| Stripe colour                      | None              | Length                            | 25 Metre                |
| With thermal insulation            | ✗                 | Thickness of thermal insulation   | 0 Millimetre            |
| Type approval according to BBR/EKS | ✗                 | Outer diameter thermal insulation | 0 Millimetre            |
