

UFH-PG03: Underfloor heating pressure gauge 1-10 bar 3/8" male thread

Commercial information

Henco underfloor heating pressure gauge 1-10 bar 3/8" male thread

Basic unit dimensions

Height	33 mm
Length	64 mm
Width	80 mm
Net weight	0.110 kg

Certificates

Applications

Underfloor Heating

Solutions

Underfloor heating

Technical characteristics

Housing material	Brass	Housing diameter	Millimetre
Material process connection	Brass	Display range temperature (°C)	Degrees celsius
Size of process connection	3/8 inch	Display range temperature (°F)	Degrees Fahrenheit
Connection	External thread conical (NPT)	Display range pressure (bar)	Bar
Connection location	Bottom	Display range pressure (psi)	Pound-force per square inch (lbf/in ²)
