

Rotary actuator in connection with a mounting kit for the motorisation of the most common mixing valves in HVAC systems

- Torque motor 10 Nm
- Nominal voltage AC 24 V
- Control 3-point
- Running time motor 140 s

## **Technical data**

| Electrical data           | Nominal voltage                        | AC 24 V  |
|---------------------------|--|--|
|                           | Nominal voltage frequency              | 50/60 Hz   |
|                           | Nominal voltage range                  | AC 19.228.8 V  |
|                           | Power consumption in operation         | 1.5 W  |
|                           | Power consumption for wire sizing      | 1.5 VA   |
|                           | Connection supply / control            | Terminals 4 mm <sup>2</sup> (cable ø68 mm, 3-wire)                                     |
|                           | Parallel operation                     | No   |
| Functional data           | Torque motor                           | 10 Nm  |
|                           | Direction of motion motor              | clockwise rotation   |
|                           | Manual override                        | temporary and permanent gear train<br>disengagement with rotary knob on the<br>housing |
|                           | Angle of rotation                      | 90°  |
|                           | Running time motor                     | 140 s / 90°  |
|                           | Sound power level, motor               | 37 dB(A)   |
|                           | Duty cycle value                       | 75% (= active time 140 s / operating time 187<br>s)                                    |
|                           | Position indication                    | Reversible scale plate   |

| Safety notes |
|--------------|
|--------------|

| • | This device has been designed for use in stationary heating, ventilation and air-conditioning   |
|---|---|
|   | systems and must not be used outside the specified field of application, especially in aircraft |
|   | or in any other airborne means of transport.  |

- The actuator is to be protected against moisture. It is not suitable for outdoor applications.
- To calculate the torque required, the specifications supplied by the mixing valve manufacturer must be observed.
- Only authorised specialists may carry out installation. All applicable legal or institutional installation regulations must be complied with during installation.
- The correct functioning of the strain relief for the cable in the actuator housing is to be checked.
- The installer must check for correct principle of operation after installation.
- The device does not contain any parts that can be replaced or repaired by the user.
- The device contains electrical and electronic components and must not be disposed of as household refuse. All locally valid regulations and requirements must be observed.
- Caution: Low voltage!

#### **Product features**

| Operating mode              | The actuator is activated with a 3-point signal.  |
|-----------------------------|---|
| Simple direct mounting      | Simple direct mounting with only one screw. The stud bolt included in delivery serves as an anti-rotation device. The mounting orientation can be freely selected in steps of 90°.              |
| Manual override             | Manual override with lever possible. Temporary gear train disengagement by pushing the rotary knob. Permanent disengagement by pushing and simultaneous rotating the rotary knob clockwise 90°. |
| High functional reliability | The actuator switches off automatically when the end stops are reached.   |

#### Accessories

| Electrical accessories | Description  | Туре    |
|------------------------|--|---------|
|                        | Auxiliary switch 1x SPDT for 3-point HT actuators with screw terminals | SNR2    |
| Mechanical accessories | Description  | Туре    |
|                        | Mounting kit for LK mixing valve                                       | MS-NRA  |
|                        | Mounting kit for Barberi mixing valves                                 | MS-NRB  |
|                        | Mounting kit for Honeywell/Centra DRMA mixing valves                   | MS-NRC  |
|                        | Mounting kit for Honeywell/Centra DRU mixing valves                    | MS-NRC1 |
|                        | Mounting kit for mixing valves with 12 mm round shaft                  | MS-NRE  |
|                        | Mounting kit for ESBE mixing valves VRG/VRB/VRH                        | MS-NRE6 |
|                        | Mounting kit for Hora mixing valves                                    | MS-NRH  |
|                        | Mounting kit for Siemens/Landis&Stäfa mixing valves VCI/VBG/VBF        | MS-NRL  |
|                        | Mounting kit for Lazzari mixing valves                                 | MS-NRLA |
|                        | Mounting kit for Lovato mixing valves                                  | MS-NRLO |
|                        | Mounting kit for Satchwell MB mixing valves                            | MS-NRS  |
|                        | Mounting kit for Satchwell MBF mixing valves                           | MS-NRSF |

#### **Electrical installation**

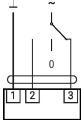

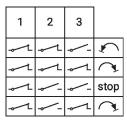

Supply from isolating transformer.
