

Ref: RoHS-3 Compliance Declaration

Dear customer,

Eaton is fully committed to meet all regulatory requirements applicable to its products and carefully monitors new- and upcoming legislation that could affect Eaton and its products. It is Eaton's policy to design and manufacture environmentally conscious and safe products.

Eaton declares that Raxton and Redapt products are not considered to be electrical- or electronic equipment (EEE) in the meaning of the RoHS Directive 2015/863/EU but components designed for being used in large-scale fixed installations and, therefore, are not in the scope of above Directive.

This declaration is based on information available to us. It refers to the products at the date of issue. We make no express or implied representations or warranties with respect to the information contained herein.
