

Modular DC voltage power supply for extensive videophone systems

10-805-01

4 year warranty

This DC voltage power supply for DIN-rail mounting is suitable for extensive videophone systems. It is always used in combination with power supply 10-801.

Technical data

Modular DC voltage power supply for extensive videophone systems.

- Function: • output current clamp 29: $I(+)$ = 2.5 A
- (+)-terminal is protected against short-circuit
- connected power supply with high efficiency
- control and indication of the working modes of the installation
- Input voltage: 230 Vac \pm 10 %, 50 Hz
- Maximum MCB rating: 16 A (limited by national installation rules)
- Output voltage: 26 Vdc
- Safety protections: EMV in accordance with EN 50081 and EN 50082-2; suppression in accordance with EN 55011.
- DIN dimensions: DIN 8TE
- Dimensions (HxWxD): 90 x 140 x 70 mm
- Marking: CE
- Weight: 407 g
