

L8532C16

**Zekering C-16 A Ø 8,5 x 32 mm**

**Technische eigenschappen**

**Zekering**

|                    |          |
|--------------------|----------|
| Kenmerken zekering | gG       |
| Zekeringsgrootte   | 8,5 x 32 |

**Stroom / temperatuur**

|                 |      |
|-----------------|------|
| Nominale stroom | 16 A |
|-----------------|------|

**Vermogen**

|                                  |        |
|----------------------------------|--------|
| Totaal vermogensverlies onder IN | 1,90 W |
|----------------------------------|--------|

**Spanning**

|                   |             |
|-------------------|-------------|
| Type voeding      | AC          |
| Nominale spanning | 400 - 400 V |

**Uitvoering**

|                         |   |
|-------------------------|---|
| Afschakelkarakteristiek | C |
|-------------------------|---|

**Duurzaamheid**

|                 |    |
|-----------------|----|
| REACH-SVHC vrij | Ja |
| RoHS conform    | Ja |
