• Universal connection for all conductor types

- · Simple, push-in termination of solid and ferruled conductors
- · Easy-to-use design does not require special tools
- Testing parallel to conductor entry tip contact
- For "wire-to-wire" and "board-to-wire" connections
- · Integrated release lever

Notes

Safety information

Variants:

Dimensions in mm

L = (pole no. x pin spacing) + 2 mm Even pole number R = (L - 9 mm) : 2 Odd pole number R = (L - 12.5 mm) : 2

The **picoMAX® Pluggable Connection System** includes connectors without breaking capacity in accordance with DIN EN 61984. When used as intended, these connectors must not be connected/disconnected when live or under load. The circuit design should ensure header pins, which can be touched, are not live when unmated.

Direct marking

Other versions (or variants) can be requested from WAGO Sales or configured at https:// configurator.wago.com/.
