

## KOPPELINGEN/DIVERSEN

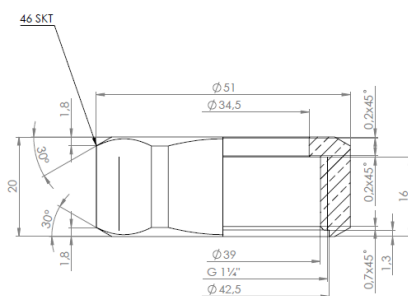

### OMSCHRIJVING

Om onze producten goed te kunnen installeren hebben wij een ruim assortiment koppelingen en draadfittingen. U ziet een greep uit ons assortiment, andere maten zijn leverbaar. Vraag naar de mogelijkheden.

### MAATWERK

Heeft u een speciale aansluiting nodig die niet standaard in de markt verkrijgbaar is dan kunnen we dit voor u laten maken in onze eigen draaiërij. Naast messing behoren ook andere soorten metaal tot de mogelijkheden zoals automatenstaal, RVS 303, etc. Behalve fittingen zijn we ook in staat om andere soorten producten te vervaardigen in onze draaiërij. Dit kan in kleine of grote series.
