

## UFH-P18-GP10: Gypsum fibreboard 10mm,flat for RENO12 system

### Commercial information

#### Basic unit dimensions

Height	10 mm
Length	1,500 mm
Width	1,000 mm
Net weight	18.000 kg

#### Certificates

#### Applications

Heating, Cooling, Underfloor Heating

#### Solutions

Underfloor heating, Building installations, Industry, Utility

## Technical characteristics

Edge finishing long side	Other	Length	1500 Millimetre
Edge finishing head end	Other	Width	1000 Millimetre
Colour visible surface	White	Thickness	10 Millimetre
Suitable for floor	✓	Weight	18 Kilogram per square metre
Suitable for ceiling mounting	✗		
Suitable for damp space	✓		
With insulation	✗		
Fire retardant impregnated	✗		
Suitable as plasterboard	✗		
With perforation	✗		
With decorative finish	✗		
Lead insert	✗		
Bendable	✗		
Suitable for fire protection of load-bearing constructions	✗		
Fixing	✗		
Suitable for outdoor application	✗		
Suitable for protection from radiation	✗		
Factory bent board	✗		
Glass-fibre reinforced	✗		
Fleece reinforced	✗
