

## UFH-P18-GP18: Gypsum fibreboard 18mm, round milling for RENO12 system

### Commercial information

UFH-P18-GP18 is a 18 mm gypsum fibreboard with round milling for the RENO12 system.

#### Basic unit dimensions

Height	18 mm
Length	1,000 mm
Width	600 mm
Net weight	9.000 kg

#### Certificates

#### Applications

Heating, Cooling, Underfloor Heating

#### Solutions

Underfloor heating, Building installations, Industry, Utility

## Technical characteristics

Edge finishing long side	Other	Length	1000 Millimetre
Edge finishing head end	Other	Width	600 Millimetre
Colour visible surface	White	Thickness	18 Millimetre
Suitable for wall mounting	✘	Weight	9 Kilogram per square metre
Suitable for floor	✓		
Suitable for ceiling mounting	✘		
Suitable for damp space	✓		
With insulation	✘		
Fire retardant impregnated	✘		
Suitable as plasterboard	✘		
With perforation	✘		
With decorative finish	✘		
Lead insert	✘		
Bendable	✘		
Suitable for fire protection of load-bearing constructions	✘		
Fixing	✘		
Suitable for outdoor application	✘		
Suitable for protection from radiation	✘		
Factory bent board	✘		
Glass-fibre reinforced	✘		
Fleece reinforced	✘
