

HNA-COMP: Expansion bellow HNA Ø75

Commercial information

The Super Size range includes the Henco multilayer pipe and Henco fittings with diameters of 75-90, with reducers to diameters of 32-40-50-63. The connectors ensure a complete multilayer pipe system with numerous variations for headers and risers. The many combination possibilities and the revolutionary connection technology make this modular system extremely flexible.

Like all Henco press fittings, the Super Size fittings come with leak detection and are made from high-performance plastic PVDF. These properties make the Henco Super Size fittings suited for different applications, such as drinking water installations, heating installations and installations in the chemical and food industries.

Basic unit dimensions

Height	280 mm
Length	85 mm
Width	85 mm
Net weight	1.296 kg

Certificates

Applications

Potable water, Heating, Cooling, Sanitary

Solutions

Building installations, Industry, Utility

Technical characteristics

Material bellows	Stainless steel	Max. operating pressure at 20 °C	10 Bar
Material quality bellows	Stainless steel 304 (1.4301)	Movement sensing, axial +/-	30 Millimetre
Material of connection	Stainless steel		
Material quality connection	Stainless steel 304 (1.4301)		
Nominal diameter	DN 50		
Design form	Axial		
Loose flange	✘		
With interior guide pipe	✘		
With couplers	✘
