

UFH-THERM24V-W: Wired room thermostat, 24V

Certificates

Applications

Underfloor Heating, Heating, Cooling

Solutions

Building installations, Industry, Underfloor heating, Utility

Commercial information

Technical characteristics

Type of power supply	24 V AC	Number of heater outputs	1
Control characteristic	P	Max. contact voltage	24 Volt
Suitable for heating	Yes	Height	80 Millimetre
Suitable for cooling	Yes	Width	84 Millimetre
Cooling	Yes	Depth	29 Millimetre
Temperature readable	No		
With sound indicator	No		
With display	No		
With tap water circuit	No
