

Niko Rocker for single switch functions, alu blue grey

226-56001

The Niko Rocker clicks onto the switch part of the single switch function. Click the Rocker set onto the function before you click the Niko Rocker faceplate into place.

The Niko Rocker consists of a click connector made out of high grade, durable plastic that permanently fixes the lever. The lever is made of aluminium.

- Exclusive materials
- Metal controls
- Authentic vintage design
- Belgian design & craftsmanship
- Proven Niko quality
- Unique illuminated switch design (by adding feedback LED)
