

UFH-PGKTA-K: UFH composite A label pump unit + valves + thermostat + sensor

Commercial information

Basic unit dimensions

Height	394 mm
Length	245 mm
Width	94 mm
Net weight	2.700 kg

Certificates

Applications

Underfloor Heating

Solutions

Underfloor heating

Technical characteristics

Room temperature control	✓	Kvs value	4 Cubic metre per hour
Water temperature control	✓	Built-in width	245 Millimetre
Thermostatic adjustment element connection	External thread	Built-in height	394 Millimetre
Size of thermostatic adjustment element connection	Other	Built-in depth	94 Millimetre
With de-aeration	✗	Max. operation pressure	6 Bar
Material covering plate	Plastic	Max. operating pressure	6 Bar
Covering plate colour	Black	Operating temperature	0 60 Degrees celsius
Control element colour	Black
