

contactdoos flens

GSF 281

GSF 281

contactdoos flens

AANPASBAAR

Artikelnummer: 07228101

Afmetingen: 220 x 179 x 3 mm

Contactdoos flens - industrie kwaliteit - montageset
incl. bevestigingsmateriaal en contactdozen, 2 x
flensverbinder (GFV)

IP44

IK08

Technische gegevens

Inbouwcomponenten

| | |
|---------------------------------------|---|
| CEE-contactdoos (zijkant), 32A, 400V: | 1 |
|---------------------------------------|---|

Elektrische eigenschappen

| | |
|---------------------|----|
| Beschermingsklasse: | II |
|---------------------|----|

| | |
|--------------------|------|
| Beschermingsgraad: | IP44 |
|--------------------|------|

| | |
|-----------------|------|
| UL Type Rating: | g.g. |
|-----------------|------|

Afmetingen

| | |
|----------|--------|
| Breedte: | 220 mm |
|----------|--------|

| | |
|---------|--------|
| Lengte: | 179 mm |
|---------|--------|

| | |
|---------|------|
| Hoogte: | 3 mm |
|---------|------|

Materiaal eigenschappen

| | |
|---------------|----|
| uv-bestendig: | ja |
|---------------|----|

| | |
|---------------|----|
| halogeenvrij: | ja |
|---------------|----|

| | |
|--|--------|
| Gloeidraadbestendigheid volgens EN 60695-2-11: | 960 °C |
|--|--------|

| | |
|----------------------|----|
| Industrie kwaliteit: | ja |
|----------------------|----|

Mechanische eigenschappen

| | |
|---------------|------|
| Slagvastheid: | IK08 |
|---------------|------|

Omgevingscondities

| | |
|---------------------------------------|------|
| Max. relatieve luchtvochtigheid 25°C: | 95 % |
|---------------------------------------|------|

| | |
|--|------|
| Max. relatieve luchtvochtigheid 40 °C: | 50 % |
|--|------|

| | |
|----------------------------|--------|
| Omgevingstemperatuur min.: | -25 °C |
|----------------------------|--------|

| | |
|----------------------------|-------|
| Omgevingstemperatuur max.: | 40 °C |
|----------------------------|-------|

| | |
|------------------------------|-------|
| Omgevingstemperatuur 24 uur: | 35 °C |
|------------------------------|-------|

| | |
|------------------------|---------------------------|
| plaats van de montage: | beschermde buitenomgeving |
|------------------------|---------------------------|

Materiaal

| | |
|---------------------|---------------|
| Materiaal onderbak: | Polycarbonaat |
|---------------------|---------------|
