

## BM-20: Bending tool Ø20

### Commercial information

The Henco bending tools have received a true upgrade. Not only do they look very stylish, they are also extremely practical to work with due to the following characteristics:

- Same price, improved quality
- Henco blue anodised aluminium
- Angle indicator engraved on the pipe segment
- Snap closure allows for handy storage
- Bending arm always properly aligned with the pipe segment thanks to various left-and right-hand shaft sizes
- Improved pipe clip makes it easy to remove the pipe after bending
- Guaranteed the shortest possible pipe radius per diameter
- Bending range from 0° to 180°
- Available in diameter 16, 20 and 26

### Certificates

### Applications

Potable water, Heating, Cooling, Compressed air, Underfloor Heating, Gas, Sanitary

### Solutions

Building installations, Industry, Underfloor heating, Oil & gas, Utility, Shipbuilding

## Technical characteristics

Suitable for steel	×	Tube diameter	20 Millimetre
Suitable for copper	×	Bending radius	60 Millimetre
With slide rail	×	Max. bending angle	180 Degrees
		Length	475 Millimetre
