Product End of Life Instructions

SmartX, Globe Valve Actuator, floating, non-spring return, 24

A Potential disassembly risks

AWARNING

HAZARD OF ARC FLASH OR FIRE

• Disconnect battery terminals before disassembly

Avoid any electrical connection between the terminals

Failure to follow these instructions can result in death or serious injury.

℅ End of Life Instructions

Recommendation	Number on drawing	Component / Material	Weight (in g)	Comment
To be depolluted	1	Electronic Component	28.922202	PCBA
To be depolluted	2	Capacitors	3.92	Aluminum Capacitor
To be depolluted	3	Flame retardant	76.671	

Product description

Manufacturer identification	Schneider Electric Industries SAS
Brand name	Schnieder Electric
Product function	MG350V globe valve actuators are non-spring return electromechanical actuators for the control of two-way and three-way Globe Valves for fan coils, unit ventilators, reheat, cooling units, perimeter heating, and other applications.
Product reference	MG350V-24F
Total representative product mass	641.981 g
Representative product dimensions	149.10mm x 75.18mm x 128.02mm
Accessories	No
Date of information release	01-2025

Legal information	This product family is in the scope of European Union directive 2012/19/EU on Waste Electrical and Electronic Equipment (WEEE). The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.			
Recyclability potential	 The recyclability rate was calculated from the recycling rates of each material makes the product based on REEECY'LAB tool developed by Ecosystem components/materials not covered by the tool, data from the EIME database a related PSR was taken. If no data was found a conservative assumption was use recyclability). 	n, for and the
